[REDACTED]
To: Bruce Johnson, Fine Arts Commission Chairman

[REDACTED]
I want to express my thanks for the generosity, friendliness and assistance of the Fine Arts Commission in conjunction with my exhibit of bromoil photographs during July. The exhibit was extremely well received. I was contacted by many photographers interested in the process and by many others who simply wanted to offer their compliments on the exhibit. Among the latter were the director of FBIS and a member of the National Intelligence Council who called to express his congratulations on behalf of the entire council. My special thanks to [REDACTED] who provided guidance throughout.
